Canyon Lake, TX – Do good, help others and pay it forward is the message *The First Unibear* promotes in this inspirational children's book that has won multiple awards. The First Unibear is a children's book decades in the making, according to author Kathleen J. Shields, who wrote the premise of this story when she was only ten years old. With a love of unicorns and Care Bears, Shields' imagined a way for bears, and other animals, to receive the magic of a unicorn horn, and all they need to do is be good and pay it forward. This multi-award-winning book ignites the imagination, encourages children to help others and gets the conversation started on what it is to have a pure heart.

"Parents who choose this inviting fantasy story for kids will be able to not only embellish the rhymes and enjoy the colorful forest animals, but can explain the bear's discoveries, dilemmas, and choices as well as the special form of magic which evolves when the tables are turned. Lessons about kindness, giving, rewards, sharing magic, and appreciating spiritual components in life abound..." Midwest Book Review Excerpt
